Mouzan Raza

BSCS Student | ML & Generative AI Learner | Deep Learning, LLMs, RAG, LangChain
Burewala, Punjab, Pakistan

Summary

I'm a BSCS student building a strong foundation in Machine Learning and Generative AI.

My focus is on understanding how real-world GenAI systems work end-to-end — from model training to building usable applications.

I'm actively learning and applying:

Deep Learning fundamentals (Neural Networks, CNNs, Transformers)

Core LLM concepts: tokenization, embeddings, attention, generation

Prompt engineering and evaluation

RAG workflows: vector stores, retrieval pipelines, chunking strategies

Practical GenAI development with LangChain and Python

Training and fine-tuning basics (LoRA, QLoRA)

Education

Govt GC University Faisalabad
· (2023)

Government College University, Faisalabad
Bachelor of Science

Multan Division
